**CAREER APTITUDE TEST**

# Problems

1. 93% of students are aware of only 7 career options, despite the existence of 250+ options spanning over 50 industries and 5000+ job roles.
2. Navigating parental expectations when a child's interests don't align with the chosen career path.
3. Self-doubt and uncertainty about career choices.
4. A significant lack of comprehensive career guidance and support systems within the schools.

# Solutions

1. Career Buddy Club (CBC) offers a free Career Aptitude Test (CAT) to help students assess their aptitude and general knowledge.
2. CBC provides personalized guidance to help students evaluate and strategize their career options effectively.
3. CBC celebrates each student's unique interests, nurturing their individuality in career planning.
4. CBC identifies student's strengths and areas for improvement, empowering them to make informed career choices.
5. CBC reveals personality traits that align with potential careers, enhancing career compatibility.
6. CBC delivers expert career counseling and mentorship, guiding students toward successful and fulfilling career paths.
